INNOVATORS OF CREATIVE BRANDING

EXHIBITIONS

Expandesign offers portable, instant advertising solutions for indoor and outdoor exhibitions:

Horizontal and Vertical A-Frames: draw attention to your brand at the entrance of a show.

Freestanding and Overhead Cylindrical banners: allow you to maximize all available advertising space and stand out from the crowd. Overhead Cylindricals can be hung from the roof and direct people to your exhibition.

Ex-Roll and Ex-T Promotional stands: can be effectively used to decorate exhibition stands or create a moveable partition wall.

Flying, Wing and Feather Banners: can now be printed double-sided to give your brand greater visibility from all angles. These come in a range of sizes with various hardware options suitable for indoor displays.

Table cloths and table throws: can be used to enhance any show brand awareness.

Promo shops: can be used effectively at indoor or outdoor events & are perfect for sampling.

Towers have a large print area for increased visibility of your brand from all sides.
